OK; we're re-doing the Gulfco CD/SOW with new model language now, so should be able to re-do Star Lake next week.

Thanks for the input, Gary. A new factor we need to take into account is that it looks like we will have to amend the draft consent decree with language HQ and DOJ insist be included from the new model issued after we sent the SNLs. I'm reviewing the new language Jake provided to me yesterday afternoon, but in the meantime I would like to get back to them today if possible to let them that we believe their due date is actually December 21st, and not November 15 (the date of first receipt of the initial batch of SNLs). I just need confirmation from management that we will, in fact, calculate the due date from the last receipt of SNL. In this case, it so happens we had to re-send one of the SNLs because of a bad address, and the receipt of that one was October 21st from what Bob tells me.

Subject: RE: Star Lake Canal Superfund Site: Request For Extension

Ed,

A 30-day extension from 12/21 looks appropriate given the holidays, etc. My recommendation would be to grant the extension to 1/20/2015.

Regards,

Subject: FW: Star Lake Canal Superfund Site: Request For Extension

FYI – I would like to set up a meeting to discuss their request for an extension of time. For one, I believe they are mistaken about the deadline being November 15. I believe it is more like December 21, which corresponds to 60 days from the date the last Special Notice Letter was received in the initial batch mail-out. For another, I believe they have valid reasons for a request for an extension of time, namely the Holiday season, and would recommend granting an additional 30-day extension, just not until February 15, 2015.

Although we may not be able to meet by November 15, I'd like to be able to give them a response by then if possible. I would recommend telling them for now that we believe the date to make a good-faith offer within 60 days is December 21, and that in the meantime, we will take their request into consideration and get back to them as soon as a decision has been made.

Subject: Star Lake Canal Superfund Site: Request For Extension

Dear Mr. Quinones:

The attached letter is a joint request for extension of the special notice period from all of the parties attending the November 6, 2014 meeting at EPA Region 6 concerning the above referenced matter. Your prompt attention is appreciated because the initial special notice period is set to expire within the next few days. I ask that your response be sent to all parties signing the joint request because I only represent Texaco Inc.

Thank you for your consideration.

Regards,

Christopher Marraro

Attorney for Texaco Inc.
